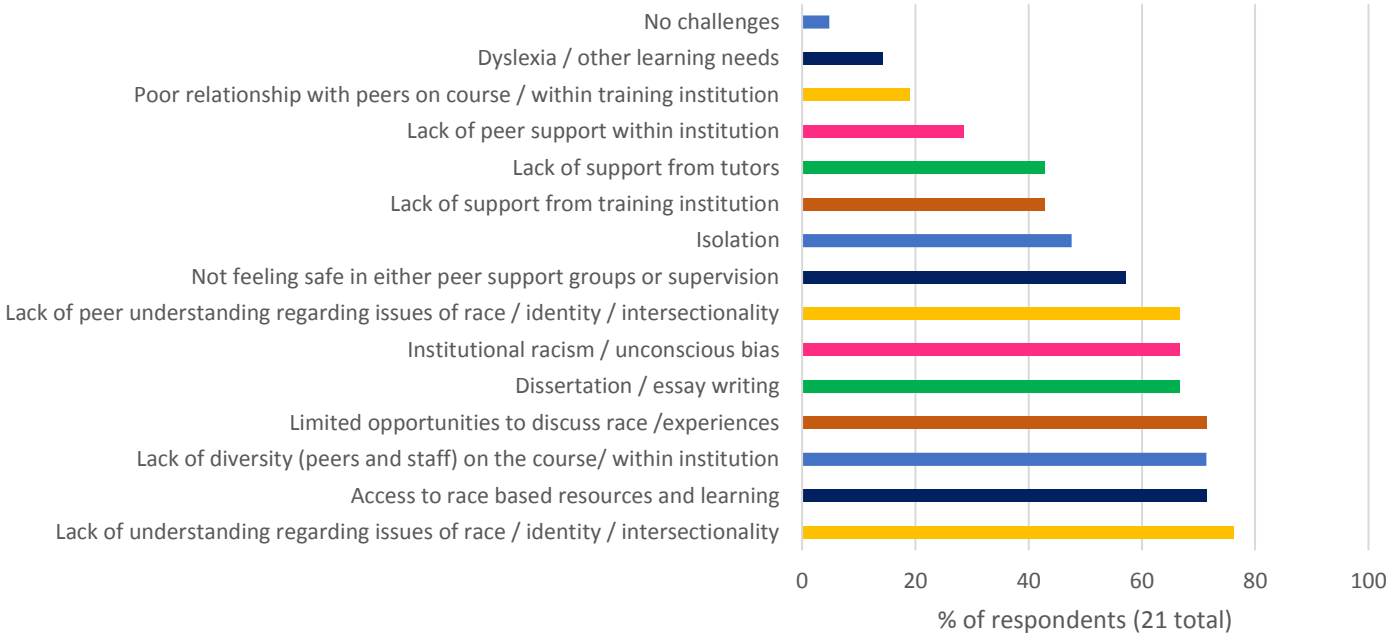
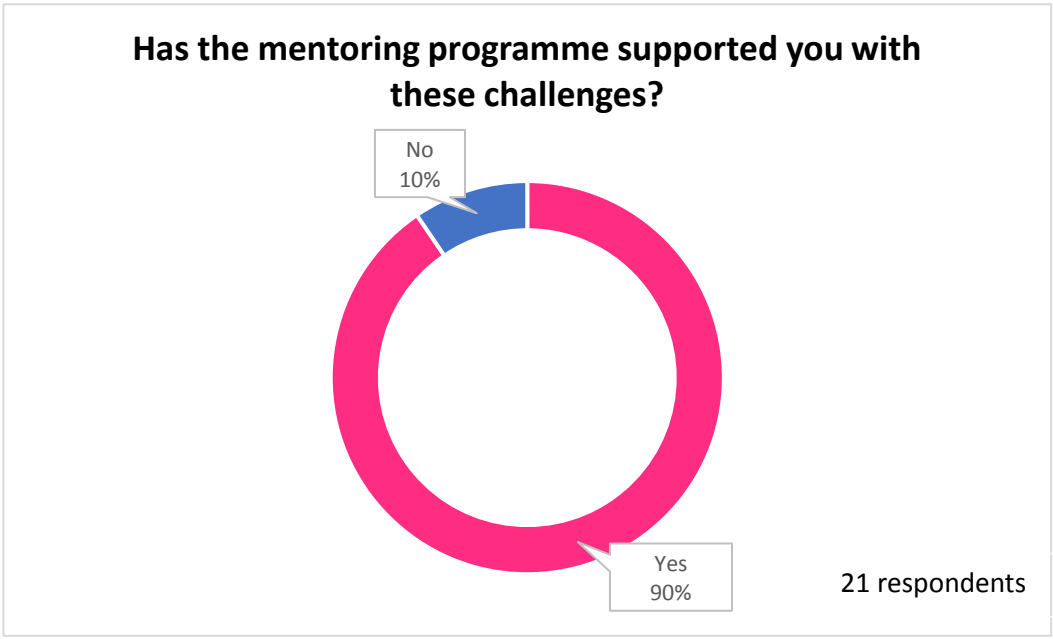
Challenges experienced by mentees during training



Has the mentoring programme supported you with these challenges?



How has the mentoring programme supported you with these challenges?

"With empathy and understanding and ideas for how to introduce or challenge the current status quo" challenges."

"Space to talk and develop myself and get feedback and support"

"Having a safe and supportive space to share and explore possible strategies for managing the challenges and feeling all the time that my mentor understood me, valued me and believed in me."

"Encouragement, understanding, listening, support, sharing resources, boosting theoretical understanding"
